Re: Draft Permit to Operate 12918

Dear Mr. Nelson:

Enclosed is a draft Permit to Operate (PTO) No. 12918 for a contaminated soil excavation project at 526 Anacapa Street in Santa Barbara. Please carefully review the enclosed documents to ensure that they accurately describe your facility and that the conditions are acceptable to you. Note that your permitted emission limits may, in the future, be used to determine emission fees.

If you have any comments on this draft permit, submit them in writing to the Air Pollution Control District (APCD) within 30 days from the date of this letter. We will consider your comments before we issue your final permit. If we receive no comments within this period, we will issue a final permit with the enclosed conditions. If you have no comments and wish to receive the final permit earlier, please call the number below.

Please include the facility identification (FID) and permit numbers as shown at the top of this letter on all correspondence regarding this permit. If you have any questions, please contact me at (805) 961-8879.

Sincerely,

Ben Ellenberger, Air Quality Engineer II
